

What can I use tokens for?

Last Modified on 09/07/2023 4:32 pm EDT

Tokens can only be used for tipping Creators during their live shows. You can use tokens to show appreciation to your favourite MV Live Creators during MV Live sessions or tip them to help them reach their goals. You can [purchase Tokens](#) by going into the MV Live session and clicking “Buy Tokens” on the navigation bar below the live stream.

Tokens cannot be used for any other item or service on the platform, including, but not limited to, vids, memberships, store items, contest votes, custom vids, and any other services that Creators may offer. Visit our [Terms of Use](#) for further details.

You cannot transfer Tokens to other Creators or other Members.

MV Members can purchase Tokens in packages to tip Creators during MV Live shows. It is always better to buy Tokens before you start viewing a live session. Stock up on Tokens and make sure you don't run out while viewing the live shows!
